# PERIODICALS

## Needed to Complete the Files of the Army Medical Library

Since this Library has been unable to secure the following missing numbers of journals through ordinary channels they are listed here in the hope that other libraries or individuals may have extra copies which they will donate or offer in exchange for duplicates of other journals from this Library.

Please notify the Acquisition Division of the Army Medical Library, Washington, D. C. of any numbers which may be available and franked labels for their transportation will be forwarded promptly.

## 5. Bacteriology; Parasitology

J. Parasit., Lancaster, 1944, 30: (Oct.)

- DEITON, J. F. Studies on the life history of *Eurytrema procyonis* Denton, 1942. 277-86.
- COOLEY, R. A. *Ixodes ozarkus* n. sp. and *Ornithodoros aquilae* n.sp., with notes on *O. talaje* and *O. kelleyi* (Ixodoidea). 287-94.
- SMITH, B. F., & HERRICK, C. A. The respiration of the protozoan parasite, *Eimeria tenella*. 295-302.
- SENEKJIE, H. A. American visceral leishmaniasis; the etiological agent. 303-8.
- CORT, W. W., BRACKETT, S., & OLIVIER, L. Lymnaeid snails as second intermediate hosts of the strigoid trematode, *Cotylurus flabelliformis* (Faust, 1917). 309-21.
- WENRICH, D. H. Studies on *Dientamoeba fragilis* (Protozoa); further observations, with an outline of present-day knowledge of this species. 322-39, incl. 2 pl.

## 6. Biology; Embryology

Rev. Soc. argent. biol., 1944, 20: (July)

- HOUSAY, B. A. Diabetes tiroidea y metatiroidea. 179-98.
- ORIAS, O. Diabetes por aloxano en ratas normales y parcialmente pancreatetectomizadas. 199-203.
- GARDINI, C. E., & SERANTES, M. E. Esfingomielina pulmonar durante la absorcion de grasas. 204-8.
- GARDINI, C. E. Variacion de colina total en los pulmones durante la absorcion de grasas. 209-11.
- MACOLA, B. A., & FAZIO C., C. Vitamina C en la leche de Cordoba. 212-20.
- MOISSET DE ESPANES, E. Toxicidad de la di-bencil-metil-amina. 221-5.
- FIGUATARI, F.M.R. Accion de la di-bencil-metil-amina sobre la glucemia. 226-31.
- ROYER, M., & MANFREDI, F. J. La presion intracoledociana del perro normal. 232-45.

## 7. Bone; Joint; Extremities; Muscle

Bull. Hosp. Joint Dis., N. Y., 1944, 5: (April)

- FOX, L. J. Tuberculosis of the long bones; report of 3 cases emphasizing the problem of diagnosis. 3-11.
- ZADEK, I. Osteochondromatosis of a popliteal bursa. 12-5.
- MAYER, L., & KRISTLER, O. C. Aneurysmal bone cyst of spine. 16-22.
- HELSTEIN, A. Quillain-Barre syndrome. 23-5.
- ROTH, F. B. Use of anteroposterior tarsal wedge resection for unusual foot deformity. 26-30.
- SACHS, L. Open reduction of old dislocation of carpal semilunar bone. 31-6.
- WISNER, J. C. Scapulo-humeral disarticulation; case report. 37-42.
- KLEINBERG, S. The operative correction of paralytic genu recurvatum; a case report. 43-51.

J. Bone Surg., 1944, 26: (Oct.)

- HARRIS, R. I. Amputations. 626-34.
- PETERSON, L. T. The Army amputation program. 635-6.
- THOMPSON, T. C., & ALLREDGE, R. H. Amputations; surgery and plastic repair. 639-44.
- THOMAS, A. Anatomical and physiological considerations in the alignment and fitting of amputation prostheses for the lower extremity. 645-59.
- MCKEEVER, F. M. Upper-extremity amputations and prostheses. 660-71.
